WHY S&P AIR CONTROL?

A Wholesale Partner You Can Count On

S&P Air Control Wholesale combines proven air control products with U.S. based manufacturing, responsive service, and the capacity to meet your customers' needs. From everyday orders to time-sensitive projects, we're committed to delivering the quality, reliability, and turnaround times you need to keep business moving.

Made in the USA*

Manufactured in Chattanooga, TN, backed by over 35 years of expertise.

*Actuators and accessories may have parts from outside the USA.

Quality Products

Proven air control solutions engineered and manufactured for reliable performance.

AMCA Certified Products

Select products are tested and certified in accordance with applicable AMCA standards.

On-Time Delivery

A commitment to reliable delivery for both standard and rush orders.

Industry-Leading Lead Times

4-week lead times available on 80% of louver models, with rush options available across much of the product offering.

Enhanced Manufacturing Capacity

Extensive manufacturing infrastructure and resources provide the capacity to support orders of varying sizes and requirements.

Proud to Be Associated with These Fine Organizations
