Miami-Dade NOA and Florida Product Approval Option Available

Select S-Series (Centrifugal Roof Fans) models are now hurricane and high wind certified for wind-borne debris impact resistance and wind load design pressures up to ± 150 PSF. These models are designated to carry the Miami-Dade Certification and Florida Product Approval under Miami-Dade NOA#20-1006.04 and Florida Product Approval FL37199.

THIS OPTION INCLUDES:

- Tie-downs
- Fastened motor cover
- Reinforced birdscreen on the SDBD and SDB models

AVAILABLE ON THE FOLLOWING CENTRIFUGAL ROOF FAN MODELS:

SDBD · SDBDe · SDB · STXD · STXDe · STXDRHUL · STXDeRHUL · STXB · STXBRHUL
